Hindalco set to invest Rs 2,000 crore in copper, e-waste recycling

Aditya Birla Group company Hindalco Industries will be investing ₹ 2,000 crore in a copper and e-waste recycling facility, chairman Kumar Mangalam Birla said Tuesday. "Your company is making an investment of Rs. 2,000 crore to establish the first-of-its-kind Copper and E-waste recycling facility in India," Birla said while speaking at the company's 64th annual general meeting.

Mobile retail firm Celekt launches 'Mission E-waste'

Celekt Mobiles, a mobile retail chain in India, has launched its 'Mission E-waste' initiative to combat electronic waste. The scheme will see dedicated e-waste bins installed in every Celekt Mobiles store, enabling customers to dispose of defunct mobiles, laptops, and other electronic devices responsibly. In exchange for their responsible actions, customers will receive discounts coupons on new purchases from Celekt stores. The company has also collaborated with three e-waste disposal firms to ensure the collected waste is treated appropriately, minimising its impact on the environment.
